

PHILIPS

DVT1170

Philips VoiceTracer Audio Recorder

- 360° microphone
- Voice-activated recording
- 70 hours battery runtime
- 8 GB and memory card slot

Easy, reliable audio recording with one-touch operation

The Philips VoiceTracer 1170 is built for simplicity and performance. Whether you're capturing interviews, conversations, or meetings, it ensures great sound quality and a smooth user experience. Thanks to its intuitive features and PC connectivity, sharing your recordings is as easy as recording them.

Easy voice recording

- High-quality 360° microphone for excellent sound quality
- Clear voice recording in WAV format
- Audio scenes presets optimize audio settings in any recording situation

Intuitive experience

- Voice-activated recording for hands-free use
- Time-stamped files for easy organization and navigation
- One-touch operation to start recording instantly

Ready when you are

- 8 GB of internal memory for extended recordings
- microSD card slot for expanded capacity
- Extra long battery runtime for uninterrupted sessions

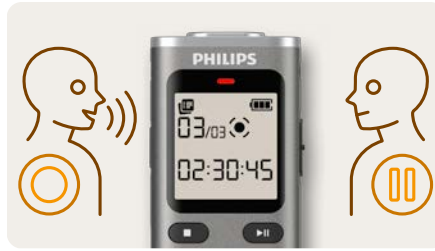

Highlights

High-quality 360° microphone

The high-quality 360° microphone delivers clear sound quality when recording notes, conversations, or meetings, at your desk or on the go.

Voice-activation function

Enjoy hands-free convenience: recording starts when you speak and stops when you're silent—ideal for dictation and meetings.

8 GB memory built-in

Record for days with 8 GB of internal memory, ensuring you never miss important content due to lack of space.

WAV recording

Capture your audio in uncompressed PCM (WAV) for crisp, reliable recordings—perfect for memos, interviews, and archiving.

Time-stamped recording

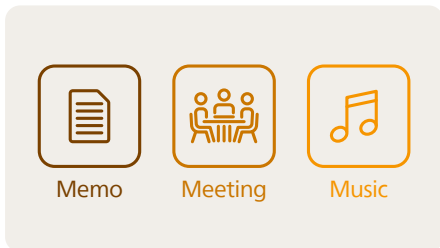

Easily navigate through your files with embedded date and time stamps, helping you locate specific recordings quickly.

microSD card slot

Expand storage capacity by inserting a microSD card, enabling virtually unlimited recording time.

Audio scenes

Optimize recording quality with predefined scenes for memos, meetings, or music. Each scene adjusts the audio settings automatically to suit your environment.

One-touch recording

Just press and hold the record button to turn the device on and begin recording immediately.

Extra long battery runtime

Record for up to 70 hours using two AAA batteries, and keep going by simply swapping them out—perfect for long sessions and on-the-go recording without delays.

Specifications

Connectivity

Headphones: 3.5 mm
Microphone: 3.5 mm, stereo socket
USB: type C, high-speed USB 2.0

Display

Type: segment LCD
Diagonal screen size: 34 mm/1.34 in

Storage media

Built-in memory capacity: 8 GB
Built-in memory type: NAND Flash
USB mass storage
MicroSD card socket: up to 128 GB

Audio recording

Built-in microphone: 1 channel
Recording formats: PCM (WAV)
Recording quality: 384 kbps, 1536 kbps
Audio scenes: Memo (384 kbps), Meeting (384 kbps), Music (1536 kbps)
Recording time (built-in memory): 46 h (384 kbps), 11 h (1536 kbps)
Bookmark function: up to 10 per file
Voice-activated recording
Instant one-touch recording
Record monitor function

Sound

Frequency response: 200 Hz – 20 kHz
Speaker type: oval
Speaker size: 20 × 30 mm
Speaker output power: 1 W

Convenience

Instant one-touch recording
Voice-activated recording
Keypad lock
Variable playback speed
Real-time clock
Remaining time display
Bookmarks (up to 10 per file)
File repeat
A–B repeat

Power

Battery lifetime: up to 70 hours
Battery type: 2 × AAA battery
Number of batteries: 2
Batteries included: yes

System requirements

Free USB port
Operating system: Windows, macOS

Product dimensions

Product dimensions (W × H × D): 114 × 39.5 × 19 mm/4.5 × 1.6 × 0.8 in
Weight: 44 g/1.55 oz
GTIN-12/13: (0)855971006960

Design and finishing

Color(s): metallic graphite gray, matte black, silver

Package contents

Recorder
2 × AAA batteries
Quick start guide
USB-C cable

Operation conditions

Temperature: 5° – 45° C/41° – 113° F
Humidity: 10 % – 90 %, non-condensing
