MFC-J6977DW

Professional A3 inkjet all-in-one printer

Deliver ultra-fast print speeds and exceptional output quality with advanced scanning abilities. Engineered for high-demand environments, the MFC-J6977DW features high-capacity paper trays to support a wide range of media needs.

With robust security, and seamless compatibility with a wide range of solutions, it's the dependable choice for busy offices.

MFC-J6977DW

Key features:

- A3 print, scan and copy
- 2-Sided scanning up to 30 images per minute (ipm)
- Dual-band Wi-Fi (2.4 and 5GHz) and Gigabit Ethernet
- 3 x 250 sheet paper tray
- 100 sheet multi-purpose tray
- Compatible with Brother and 3rd party solutions
- Comes with 5,400 black, 3,900 colour ink cartridges
- Available under a managed print service (MPS) contract

Reliability with MAXIDRIVE

Brother's patented MAXIDRIVE print chip features advanced piezoelectric technology that ejects ink at high power allowing for faster printing with precision ink delivery. The automatic maintenance, durable components and premium pigment inks consistently produce vibrant colours and crisp, sharp text from your first page to your last.

Sustainability

We're proud to take meaningful steps toward reducing our environmental impact without compromising on performance. Our latest product features EPS-free packaging, making recycling easier and a new ink cartridge designed with remanufacturing in mind. The MFC-J6977DW has up to 4% lower CO₂ emissions compared to its predecessor and has been certified by Blue Angel.

Workflow

Designed with business efficiency in mind, this device helps streamline your workflow from start to finish. High-speed A3 scanning accelerates document processing and with BRAdmin's powerful network-based management tool, you can easily monitor and control your entire Brother fleet, keeping operations running smoothly.

Efficiency

Print for longer with ink that delivers up to 5,400 black and 3,900 colour pages and cartridges available which offer up to 12,000 black and 10,000 colour pages. The intelligent maintenance system ensures flawless reliability without hassle.

Make printing simple with Brother MPS

Brother's MPS supports you to get the best out of your devices. That's why the MFC-J6977DW has been designed with MPS in mind. Whatever your printing needs, we'll be "At your side" to find the solution that simplifies printer admin, saves time, keeps costs down, and helps you stay productive, with:

- **No long-term commitments**
- **Ink and toner delivery before you run out**
- **Quick breakdown support**
- **Easy supplies recycling**

Secure by design

Device security

Protect your business with advanced security features that minimise attack surfaces. Benefit from secure user access through LDAPS, active directory, and NFC authentication. Tools like secure function lock and setting lock help control user privileges. Intrusion detection, secure boot, and digitally signed firmware work together to safeguard system integrity.

Network security

Protect your network with industry-standard tools including intrusion protection, encrypted communication, and secure access via IEEE 802.1X. Centralised management and real-time syslog reporting ensure seamless integration with your security systems.

Document security

Keep sensitive data protected with encrypted transfer for printing and scanning, non-persistent memory that clears after each job, and secure print release to ensure documents only print when you're ready. Integration with Brother Solutions Interface helps streamline secure workflows.

Control panel: grey

Control panel

8.8cm (3.5") colour touchscreen LCD

Local interface¹⁸

Hi-speed USB 2.0, USB 2.0 host (front)

Wired network interface

GigE (10Base-T/100Base-TX/1000Base-T)

Fax interface

Telephone line port
external telephone answering device port (TAD)

Wireless network interface

2.4GHz: IEEE 802.11b/g/n
5GHz¹⁷: IEEE 802.11a/n (infrastructure mode), vertical pairing

Wi-Fi Direct™

Print wirelessly¹⁸ without having to use a wireless access point (both automatic and manual methods supported)

Configurable shortcuts

Add, delete, change up to 18 personalised shortcuts for quick and secure access to device functions

Print^{9,22}

Print speed (A4)

31ipm

Print speed 2-Sided (A4)

22ipm

Print speed (A3)

Up to 14ipm

Print speed 2-Sided (A3)

Up to 14ipm

First print out time (FPOT)

4.6 seconds colour,
4.4 seconds mono, from ready mode and standard tray

Recovery time

Less than 0.4 seconds from sleep mode

Resolution

Up to 1,200 x 4,800 dpi (horizontal x vertical, dots per inch)

Printer functions

Print head sensor

The print head sensor monitors 1,680 nozzles for alignment and paper feed accuracy, supporting precise user-initiated calibration²⁴ to maintain sharp, consistent print quality

Direct print

Print directly from the front USB host port using a USB flash memory drive. Supported formats include: PDF 2.0, JPEG

Header footer print^{3,23}

Print the date, time, login user name, or custom text on your documents

N-up printing^{3,23}

Reduce up to 2, 4, 9 or 16 pages into a single page

Poster printing^{3,23}

Enlarge 1 A4 page into a poster using 4, 9, 16 or 25 A4 pages

Watermark printing^{3,23}

Watermark your documents with predefined or user-defined text

Secure print^{3,23}

Protect print jobs with a 4 digit release code required at the device in order for them to be printed

Reverse print^{4,23}

Rotate the content of a printed document by 180°

Booklet print^{4,23}

A4 duplex documents in A5 booklet format

Borderless print^{4,23}

Eliminate margins, print up to the edges of A4 paper. Ideal for photos and full-page graphics

Driverless print compatibility

Windows modern print platform ready

Supports seamless, driverless printing via IPP for instant setup on Windows 10 (21H2+) and Windows 11 devices

Mopria™

Print common file types from supported Android mobile devices and Windows computers

Apple AirPrint

Print common file types from any AirPrint enabled application

ChromeOS™

Supports work with Chromebook printing

Our printers support driverless printing across Windows, macOS, iOS, and Android devices for instant, secure, and hassle-free setup.

Paper handling

Paper sensors

Document scan size sensor

Copy¹⁰

Copy speed

Up to 25 copies per minute (cpm) mono, 16cpm colour

Copy speed 2-Sided

Up to 18cpm mono, 13cpm colour

Resolution

Print up to 1,200 x 4,800dpi
Scan up to 600 x 600dpi (flatbed), 300 x 600dpi (ADF) (horizontal x vertical, dots per inch)

Copy media sizes

Width: up to 291mm

FCOT

6 seconds colour, 5 seconds mono from ready mode and standard tray

Copy functions

Multi-copying

Ensures that your copies are organised in the correct order, making it easier to manage large documents. Makes up to 999 copies of each page

Enlargement/reduction ratio

Reduce or increase document sizes from 25% to 400% in 1% increments

N in 1 copying

Allows the user to compress 2 or 4 pages on to a single A3 or A4 sheet

Fit to page

Scales the copied image so that it fits neatly onto the size of the paper

Poster copy

Enlarge a single original document and print it over several pages (3 x 3, 2 x 2, 1 x 2)

Copy preview

The contents of the copied image can be checked before printing

Enhancement book copy

Reduces dark shadows near the book's spine when copying from bound documents, producing clearer, more even copies

Watermark copy

Print semi-transparent text across the copied page to mark or identify the document's status

Scan¹¹

Scan speed standard

(2-Sided, images per minute)
A4 colour and mono - portrait up to 30ipm, landscape up to 24ipm

48 bit colour processing (input)
24 bit colour processing (output)

Grey scale

256 levels (8 bit)

Scan media sizes

ADF Width: 105 - 295mm

Length: 148 - 429.8mm

Flatbed (scanner glass)

Width: up to 295mm

Length: up to 429.8mm

Scanner functions

Windows⁵ TWAIN & WIA

Macintosh
AirPrint scanning
macOS 10.14.x or greater

Linux⁵
SANE (32 & 64 bit editions)

ChromeOS™
Supports integrated Chrome OS scanning functionality

Machine file formats
Including PDF (PDF/A, multi-page PDF), JPEG, B&W TIFF

Standard machine functions⁷
Scan to USB, e-mail, OCR, image and file

Network scanning
Scan to network folder (SMB)⁴, SFTP, email server, SharePoint (on premise)^{4,7}

Machine scanning features
Auto deskew from ADF, background colour drop, auto crop⁴, blank page removal

Scan profile
Create up to 5 preset network profiles for an easy way to store multiple scan settings

Direct scan
Scan directly to a USB flash memory storage

Scan preview
The contents of scan to FTP, network, email server, can be checked before sending to destination

Scan margin
Setting the scan margin to 0mm removes the default 3mm margin, allowing the scanned image to capture the entire document without any border

Document reminder
Alerts the user when a scanned or copied document may have been left behind on the flatbed scanner glass

Fax

Fax modem
33,600bps (Super G3)

Transmission speed
Approx. 3 sec (ITU-T testchart document No.1, standard resolution)
quick-scan approx.
3.37 sec/page

Automatic 2-Sided faxing
Scans and faxes documents using the ADF

Fax send resolution
Standard mono resolution:
203 x 98dpi up to 203 x 392dpi
Standard colour resolution:
203 x 196dpi (horizontal x vertical, dots per inch)

Grey scale
8 bit (256 shades) available for mono faxing
24 bit (8 bit per colour/256 shades) for colour faxing

Memory transmission | out of paper reception
Up to 150 pages (ITU-T test chart, standard resolution)

Compression methods
Ranging from basic to advanced
mono: MH, MR, MMR
colour: JPEG

Fax functions

PC-fax send⁷, receive^{4,7}
Send and receive mono faxes directly from your PC or network

Internet fax (I-fax)
Fax documents over the internet as an email attachment

Distinctive ring detection
An external service for UK and Denmark that allows two or more telephone numbers shared on a single fixed line and use different ring tones

Batch transmission
Stores mono documents in the same location in the machines memory for transmission in a single call

Auto reduction
When receiving a single page document longer than A4 (297mm) the fax machine will automatically reduce the message to fit onto a single A4 sheet

Broadcasting
Send the same fax message to up to 100 locations (manual 50 locations)

Fax forwarding
Sends a mono fax received in memory to another pre-programmed fax number

Remote retrieval
Allows users to remotely access their machine and retrieve stored mono fax messages

Station ID
An ID and fax number will be printed as the header of every fax sent

PBX
Enables seamless fax operation in office environments by supporting PBX phone systems

Connectivity

Microsoft Universal Print

Organisations can manage their brother print infrastructure through cloud services from Microsoft

Brother Mobile Connect⁷

A Brother app to print from, copy preview and scan to a mobile device running iOS or Android operating system

Brother Connect Advanced^{16,17}

An enhancement within the Brother Mobile Connect app that lets you remotely print, scan, and manage your printer from virtually anywhere using your Brother account

Brother Print Service Plugin⁵

Print from Android devices without a dedicated App

Brother apps¹²

Cloud secure print, scan to; mobile, searchable PDF, Microsoft PowerPoint, Word, Excel, easy scan to email, and fax forward to cloud/email

Web connect^{12,16}

Without a PC you can download to print and upload from scan and fax for box, Microsoft SharePoint Online, dropbox, Evernote, OneDrive, Google Drive™, OneNote

Email print^{12,16}

Enables driverless printing via email

Fleet management tools⁵

BRAdmin⁴

LAN/WAN management software

Embedded web server

Using the IP address or node name of your device access via USB or network via a web browser to the web based print management software embedded onto the device using an randomly encrypted password

Mass deployment tool⁴

Provides a configuration interface to help manage and deploy device settings

Software⁵

Brother iPrint&Scan

Print from, scan to, send faxes, preview received faxes, preview copies and check the machine status from Windows or macOS PC using Brother software

Print support app⁴

As an alternative to Windows modern print this method enhances compatibility and ease of use by enabling printing without traditional printer drivers, making it a versatile and efficient solution for modern printing needs accessible through the Microsoft store

Visit support.brother.com for the full list of supported OS and to download the latest software All trademarks, brand and product names are property of their respective companies

Legacy print drivers²²

PCL driver⁴

Generic PCL XL driver

Universal printer driver⁴

BR-Script3 driver that enables printing to any network or locally connected Brother inkjet printer that supports PostScript

Print emulations

PCL6, BR-script3

Embedded fonts (PCL)

73 scalable fonts, 12 bitmap stored in firmware and can be used when printing via the PCL (printer command language) print emulation

Embedded fonts (BR-script)

66 scalable fonts stored in firmware and can be used when printing via the BR-script print emulation.

Embedded barcodes (PCL)

16 bar codes fonts - code39, Interleaved 2 of 5, FIM (US-PostNet), post net (US-PostNet), EAN-8, EAN-13, UPC-A, UPC-E, codabar, ISBN (EAN), ISBN (UPC-E), code128 (set A,B,C), EAN128 (set A,B,C), code93, GS1databar, MSI

Linux

Printer driver (Linux, CUPS, LPD/LPRng)

Network security

Wired network security

APOP, SMTP-AUTH, SSL/TLS (IPP, HTTP, SMTP, POP3, IMAP4, FTP, LDAP), SNMP v3, 802.1x (EAP-MD5, EAP-FAST, PEAP, EAP-TLS, EAP-TTLS), OAuth 2.0 (SMTP, POP3, IMAP4), kerberos, IPsec

Wireless network security

WEP 64/128bit, WPA-PSK (TKIP/AES), WPA2-PSK (TKIP/AES), WPA3-SAE (AES), APOP, SMTP-AUTH, SSL/TLS (IPP, HTTP, SMTP, POP3, IMAP4, FTP, LDAP), SNMP v3, 802.1x (EAP-FAST, PEAP, EAP-TLS, EAP-TTLS), OAuth 2.0(SMTP, POP3, IMAP4), kerberos, IPsec, Wi-Fi protected setup (WPS)¹³

IPv4

ARP, RARP, BOOTP, DHCP, APIPA(Auto IP), WINS/NetBIOS name resolution, DNS resolver, mDNS, LLMNR responder, LPR/LPD, custom raw port/Port9100, IPP/IPPS, FTP client and server, SNMPv1/v2c/v3, TFTP client and server, POP3/IMAP4/SMTP client, ICMP, web services (print/scan), CIFS client, SNTTP client, LDAP/LDAPS, HTTP/HTTPS server, syslog

IPv6

NDP, RA, mDNS, LLMNR responder, DNS resolver, LPR/LPD, custom raw port/Port9100, IPP/IPPS, FTP client, FTP server, SNMPv1/v2c/v3, TFTP client and server, web services (print/scan), POP3/IMAP4/SMTP client, CIFS client, SNTTP client, LDAP/LDAPS, ICMPv6, HTTP/HTTPS server, syslog

IP filter

Restrict which network users can or cannot access the device over the network

Security features

E-mail notifications

Automatically have the device send e-mail alerts when it requires attention, such as when the ink is low or needs replacing

E-mail reports

Receive usage reports on a regular basis via e-mail

Secure boot

All Brother print devices are secure by design. Devices automatically recognise security attacks and take preventative measures, including rebooting where necessary, in order to ensure the device remains secure

Digitally-signed firmware

The firmware for Brother print & scan devices is digitally signed and secure

Active directory/LDAP authentication

Utilise existing infrastructure to restrict access to Brother devices using AD/LDAP. Staff can easily use their existing network login credentials to authenticate

Storage encryption

Protects data at rest e.g fax data, address book, user shortcuts, network configuration by encrypting the internal storage

Restrict network protocols

The network access control feature allows an administrator to restrict communication protocols (e.g. FTP, telnet) as required

Physical interface restriction

Secures access by disabling specific physical interfaces directly from the embedded web server (EWS)

Secure function lock 3.0

Use a 4 digit pin or password to identify and authenticate an individual or groups of users over a network. Allows access control with username for up to 100 users

Cloud secure print¹²

Enables password protected driverless print job release

Firmware updates¹²

In addition to allowing automatic updates to the latest version the printer can be set to not receive older firmware versions to avoid downgrade by an unauthorised user

Syslog

Allows IT Admin to access a single application (SIEM tool) to get device status updates for audit purposes over syslog

Secure key management

Use the default standard self-signed, create a custom self-signed certificate, certificate signing request (CSR), or import certificate & private key for protected network communication

Near-field communication (NFC)

NFC card reader

Supports secure user authentication via NFC card reader for access control, and enables personalised workflows through NFC shortcut configuration. Third-party card reader support requires additional purchase and can be connected to the front USB host and registered via the embedded web server

Integrated support for NFC

include: (ISO14443 Type A) MIFARE standard/plus/ultralight/ultralight C/DESfire/my-d move (ISO15693 Type B) tag-it

External NFC card reader support

RFIDeas pcProx enroll - RDR-6081AKU; RDR-6281AKU; RDR-6381AKU; RDR-6E81AKU; RDR-6H81AKU
RFIDeas AIR ID enroll - RDR-7081AKU; RDR-7581AKU; RDR-7F81AKU
Elatec - TWN3 MIFARE; TWN3 MIFARE NFC; TWN3 Multi ISO; TWN4 MIFARE NFC

Address book

Speed dials

100 locations for e-mail addresses and fax numbers

Group dial

A combination of up to 6 groups can be stored

LDAP

The ability to connect to an external LDAP enabled address book, like Microsoft Exchange

Developers

Brother Solutions Interface (BSI)

Create powerful cloud and on premise solutions directly integrating the advanced print, scan and security capabilities of Brother devices

For more information visit: <https://atyourside.brother.co.uk/developer-centre>

Supplies, upgrades and accessories¹

In-box cartridge

1 x 5,400 pages (BK)
3 x 3,900 pages (CMY)
