DOT4 SERIES

Digital Cordless Telephone with Answering Machine

- Up to 100 minutes recording time
- Up to 20 hours talk time
- Large bright backlit display
- 200 Entry phonebook
- Hands-free speakerphone
- Advanced Call blocking*

PRODUCT INTRODUCTION

motorola

Flexible, reliable, and feature-packed

The DOT4 Series is a modern, user-friendly cordless phone designed for flexibility and convenience.

- With a location-free base, the handset and charger no longer need to be positioned near a telephone socket, offering greater placement freedom.
- Advanced Call Blocking technology helps prevent unwanted calls, while Do Not Disturb ensures peace by silencing calls, allowing VIP Call override for important contacts.*
- The backlit keypad and display provide excellent visibility in any lighting condition, making operation effortless.

Designed with clear audio, an intuitive interface, and practical features like a 200-entry phonebook, up to 295-hour battery life, and hands-free speakerphone, the DOT4 Series is the perfect solution for seamless home communication.

PRODUCT OVERVIEW

motorola

Explore the features of the DOT4 Series in more detail.

Advanced Call Blocking*
Block up to 1000 numbers by adding to a blacklist and by number type.

Do Not Disturb
When enabled, the handset will not ring and will remain silent. Set specific numbers as VIP to bypass this setting.

Caller ID / Call Waiting*
See who is calling before you answer a call.

Location Free Base
Place the handset and charger anywhere and enjoy greater flexibility.

Large Backlit LCD Display
Clear and easy to read with a large bright display.

200 Entry Phonebook
Store information for up to 200 contacts.

Handsfree Speakerphone
Keep your hands free for more flexible calling.

Redial
Redial list stores up to 30 numbers

Backlit Keypad
Featuring white LED lighting, making it ideal for use in low-light environments.
